

The Perfect Dash Cam for your ESCORT Radar Detector

Packed with features to capture the road ahead

ESCORT's industry leading radar detectors now have the perfect companion. The ESCORT M1 Dash Cam captures crystal clear video and shares easily on your smartphone for video/audio clip saving, editing, and sharing.

Its sleek design keeps your dashboard clean and discreet. The ESCORT M1 Dash Cam is the ultimate companion for your ESCORT radar detector.

Product Features:

Space-Saving, Simple Installation

Mount the M1 Dash Cam on your Escort (or Beltronics) radar/laser detector and automatically start recording without the need for complex configuration.

Wi-Fi Connectivity to the Escort M1 Dash Cam App

Review, edit, and download video files recorded on the Micro SD card via the Escort M1 Dash Cam App.

1080P Full HD

The Escort M1 Dash Cam records the road ahead in 1080P Full HD with excellent night vision.

Extreme Temperature Resistance

Built with super-capacitor technology for reliable performance in the most frigid cold snaps or punishing heat waves.

160° Viewing Angle

Ultra wide-angle view gives you a full view of the road and your periphery.

Continuous Loop Recording

Footage is stored in 1, 3, or 5-minute clips. When the memory card reaches its capacity, the camera automatically deletes the oldest clips to make room for new ones.

Emergency Recording

If you don't want a clip to be overwritten, simply press the Emergency Recording button and the clip will be protected.

G-Sensor

3-axis accelerometer senses sudden accelerations, stops, and collisions to automatically protect footage surrounding the incident.

Wide Dynamic Range (WDR)

Optimized to automatically maximize video clarity in daylight or night-time conditions.

Ready to Use

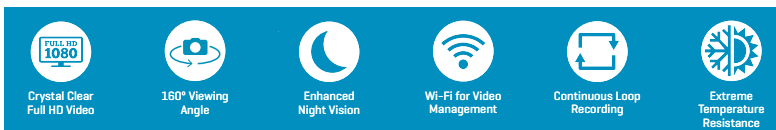

Includes a 16GB Micro SD memory card and mounting hardware for your Escort (or Beltronics) radar/laser detector.

Built-in Microphone

Records audio along with video. The microphone can easily be toggled off via the M1 Dash Cam App, if you prefer not to record audio.

Auto Record and Auto Power Off

As soon as power is applied the dash cam turns on and starts recording. When power is removed, the dash cam will safely stop recording and shut down.

What's Included:

- M1 Dash Cam
- Micro-USB to USB Type-A cable (3.3 feet) included
- 16GB Class 10 Micro SD Card
- M1 Mounting Accessories (Sticky Cup mount for detector not included*).
